CATALOGUE OF
PLANTS, VEGETABLE AND FLOWER
SEEDS,
FROM
GEORGE H. MASS,
WOODSTOCK, VT.

IT gives me pleasure to present to my customers my Catalogue for the year 1895. I am convinced by past experience that my patrons are satisfied it is wisest to purchase only the best seeds, and my policy will be as heretofore to furnish the best obtainable. I invite particular attention to my list of Vegetable and Flower Seeds, which will be found much easier to make selections from than from longer lists where poor and worthless varieties are intermingled with the good.

PLANTS. I am equally careful in my shipments of Plants. All plants offered by me are carefully grown, strong and healthy and are certain to prove satisfactory.

ORDER EARLY. It is important to secure prompt delivery that all orders be sent in as early as possible, as there is a liability of some delay in filling orders received during the height of the busy season.

PREMIUMS ON SEEDS IN PACKETS. To encourage a wide distribution of seeds, I offer the following inducements for seeds in packets, only, cash to accompany order.

REMITTANCES may be made at my risk by Bank Draft, P. O. Money Order, Express Money Order, or Registered Letter. Orders from parties unknown to me, will be sent C. O. D. unless accompanied by remittance or satisfactory reference.

TESTED SEEDS. Having every facility for testing seeds, none others will be sent out from my establishment.

I GUARANTEE that seeds sold by me, shall prove as represented; should they prove otherwise, I will replace them, or send other seeds to the same value. I cannot guarantee the crop any further than the above offer, as there are so many causes that operate unfavorably in the germination of seeds and the maturity of the crop. I shall use the utmost care in sending seeds *true to name*.

I make no charge for packing, boxes, etc., and pack as lightly as possible, so as to reduce the cost of carriage. Have your plants sent by Express, as larger plants can be sent, and I will add enough plants, gratis, of my own selection to cover the Express Charges.

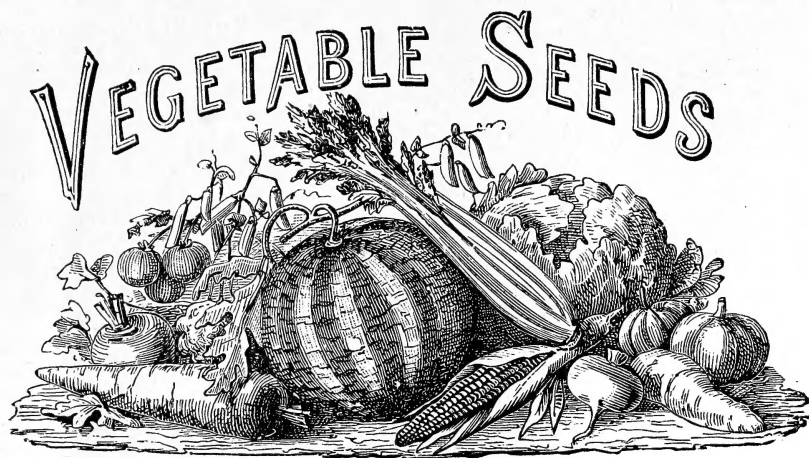

PLANTS BY MAIL. Small Plants purchased from this Catalogue and ordered to be sent by mail, will be sent post-paid.

ADDRESS, ETC. Persons ordering Seeds or Plants by mail are requested to be particular to write their **OWN NAME**, and also the names of their **TOWN, POST OFFICE and STATE**, plainly, and **NOT TO OMIT EITHER**, as serious delays are occasioned by such omissions.
